Conditions of Enrolment

1. About the Intensive English Language Institute

The Intensive English Language Institute (IELI) is the trading name of a not-for-profit association. The IELI has provided English Language courses under agreement with Flinders University since 1995. The registered provider for courses offered by the IELI is the Community for Global Communication Inc, provider code 02916F.

2. Mission Statement

The purpose of the Intensive English Language Institute is to help students improve their English language skills. Our program also helps students understand Australian culture. Students at the advanced levels will gain specific academic, professional or general English skills to help them in their future plans. At the IELI, we believe that students and staff must work together to create a learning experience that is both challenging and supportive. Our mission is to create a learning community in which each student has the best possible chance to reach his or her educational goals. Through helping students work together as an international community, IELI seeks to encourage cross-cultural communication and understanding which we believe will contribute to a better future for all.

3. Student Details and Privacy Rules

- 3.1 Through the application and enrolment process, the IELI will collect personal details about you and your course in Australia. Under Australia regulations, the school must have your correct address, phone contact and e-mail contact at all times. IELI will do random checks of this information. If your details change, you must update this information at the Front Desk within one week.
- 3.2 The IELI may give your personal and contact details, course enrolment details and changes, and the circumstances of any suspected breach of your student visa conditions to the Australian government and designated authorities as required under the ESOS Act or the National Code 2007. We will also cooperate with police and other authorities if you are involved in an accident or suspected criminal activity.
- 3.3 Information given on the homestay request form will be used to select a suitable homestay family for you. Information from this form will be shared with the homestay family.
- 3.4 Personal contact information will also be used if students do not contact the school when they are absent, or if they do not contact the homestay family when they do not expect to return home on time. IELI considers this a duty of care to ensure that students are safe.
- 3.5 In all other cases, the IELI will respect your privacy. Scholarship students may need to give permission for the school to communicate with the scholarship sponsor as a condition of their scholarship

4. Teaching Hours and Attendance

- 4.1 IELI is an INTENSIVE course of study. In all courses, you will have 22 hours of classroom teaching. You can expect 3 hours of homework per day. Hours may vary according to your study skills and ability. You may take another 1.5-4.5 hours of study of elective classes for no additional charge. The approximate times of study are as follows:

General English: 9:30-3:30 Daily

English for Academic Preparation (begins at Level 4): 9:30-3:30 Daily

English for Health Studies (begins at Level 6): 9:00-4:00 except Tuesday

English for Health and OET Studies (begins at Level 6) 9:00-4:00 except Friday

- 4.2 Australian immigration rules require 80% attendance as a requirement of a student visa.
- 4.3 Attendance will be taken daily and reported weekly. If you are late to class two times, it will count as one absence. IELI will send warning letters to students when attendance drops below 85%.
- 4.4 If you miss class because you are sick, please follow the steps below:
- Call the office (8201-5084) before 9:30 on the day of the absence.
 - Go to a doctor to get a medical certificate if you have missed more than one day.
 - Discuss any attendance difficulties with the IELI director BEFORE your attendance drops below 80%.
- 4.5 If your attendance drops to 80%, the IELI will send an Intent to Report Letter. You will then have 20 working days to appeal the attendance warning through the internal appeals process (see Section 10).
- 4.6 If the internal appeals process indicates that the attendance was reported correctly, and that you do not have any evidence of medical reasons for your poor attendance, your attendance will be reported to DIAC. You may decide to use the external appeals process (Section 11). You should continue to attend class while the external appeal is considered.
- 4.7 For purposes of DIAC reporting, a 'term' at IELI is defined as any two consecutive sessions (10 weeks).

5. Grading Policy and Academic Progress

- 5.1 When you arrive at IELI, you will take a placement test. You will be placed in levels according to your scores on the IELI placement exams. TOEFL scores and IELTS scores do not result in automatic placement.
- 5.2 After you begin your course, you will progress to higher levels by achieving proficiency goals for each level. Generally, students complete each level in 10 weeks, but individual progress varies according to effort, English language background, and ability. You will receive grades on course work throughout the session. You may discuss your progress with individual classroom teachers at any time.
- 5.4 You must achieve an average score of 75% over two sessions (10 weeks) in order to pass to the next level.

- 5.5 If you achieve an average score of 85% , you may pass to the next level in only one session (5 weeks).
- 5.6 Satisfactory progress at IELI requires that you complete each class within 20 weeks.
- 5.7 IELI will try to help you as much as possible. If your marks are very low, your teacher may suggest that you move to a lower level. Your teacher will also suggest extra study materials or extra classes that can help you get a better mark. It is YOUR RESPONSIBILITY to work hard, attend class every day, and follow your teachers suggestions for improving.
- 5.8 If you fail to complete a skill level within 10 weeks, you may be required to take additional extra classes or meet with the IELI director or tutor to improve your mark. Failure to attend extra classes when required will be considered if you appeal IELI's decision to report you for failure to progress.
- 5.9 If you fail to complete a skill level within 15 weeks and you have followed the suggestions in 5.7 and 5.8, an intervention plan will be offered to you. This may include reducing your class hours for one session, attendance in a remedial study class, or tutoring. Failure to follow this plan will be considered if you appeal IELI's decision to report you for failure to progress.
- 5.9 If you fail to complete a class within 20 weeks and this failure is due to lack of work, poor attendance, or failure to follow an extra study plan, you may be reported to immigration. You can appeal this decision within 20 working days (10 Section 11).
- 5.10 If you have a problem which is affecting your studies, you should discuss these with the IELI Director as soon as possible. She will help you with your adjustment to study in Australia. She may also suggest a counselor or other professional help for you. Solving problems as early as possible will help your progress in the IELI program.

9 Rules for Course Holiday, Deferral or Suspension of Course

- 9.1: The IELI schedule includes 4 short holiday breaks of 1-2 weeks per year. IELI also allows **ONE** five week flexible holiday for any student who has enrolled for a course of 30 weeks or longer. The dates of this 5 week break must match the dates of a regularly scheduled session. The holiday cannot spread over two separate session dates.

Students may not take a second break within their study period. Therefore, students must plan carefully for holidays including weddings and other holiday trips home due to homesickness. These personal events do not meet the criteria of the National Code 2007 for course deferrals.

Students must request this holiday break by completing a Holiday Break Request form at least 20 days before the scheduled break.

Students who have applied for shorter study periods, including extension courses which are less than 30 weeks, will not be allowed to have a holiday break.

- 9.2 The National Code 2007 allows students to request a deferral or suspension of studies when
- The student can document a death or serious illness in the immediate family;
 - The student can document a medical or psychological condition which prevents them from studying;
 - The student can document the experience of a traumatic event which has made studying difficult.
- 9.3 Your course can also be suspended by IELI under the conditions in 6 above. If IELI suspends your studies, you have 20 working days to appeal. (see Section 10).
- 9.5 Deferral or Suspension of Course may affect your visa. Please consult DIAC for further information.
